## ADVANCE MONTHLY SALES FOR RETAIL AND FOOD SERVICES FEBRUARY 2011

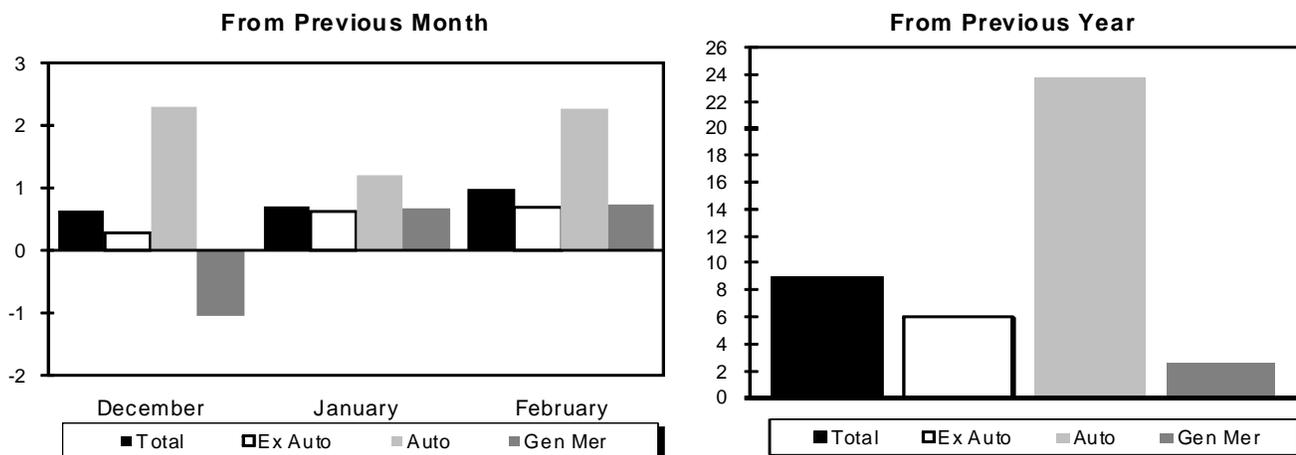

**Intention to Revise Retail Estimates:** Monthly retail sales estimates will be revised based on the results of the 2009 Annual Retail Trade Survey. Revised not adjusted estimates and corresponding adjusted estimates are scheduled for release on April 29, 2011.

The U.S. Census Bureau announced today that advance estimates of U.S. retail and food services sales for February, adjusted for seasonal variation and holiday and trading-day differences, but not for price changes, were \$387.1 billion, an increase of 1.0 percent ( $\pm 0.5\%$ ) from the previous month, and 8.9 percent ( $\pm 0.7\%$ ) above February 2010. Total sales for the December 2010 through February 2011 period were up 8.2 percent ( $\pm 0.5\%$ ) from the same period a year ago. The December 2010 to January 2011 percent change was revised from +0.3 percent ( $\pm 0.5\%$ )\* to +0.7 percent ( $\pm 0.3\%$ ).

Retail trade sales were up 0.9 percent ( $\pm 0.5\%$ ) from January 2011, and 9.5 percent ( $\pm 0.7\%$ ) above last year. Auto and other motor vehicle dealers sales were up 25.9 percent ( $\pm 2.5\%$ ) from February 2010 and gasoline stations sales were up 12.9 percent ( $\pm 1.7\%$ ) from last year.

*The advance estimates are based on a subsample of the Census Bureau's full retail and food services sample. A stratified random sampling method is used to select approximately 5,000 retail and food services firms whose sales are then weighted and benchmarked to represent the complete universe of over three million retail and food services firms. Responding firms account for approximately 65% of the MARTS dollar volume estimate. For an explanation of the measures of sampling variability included in this report, please see the Reliability of Estimates section on the last page of this publication.*

### Percent Change in Retail and Food Services Sales

(Estimates adjusted for seasonal variation and holiday and trading-day differences, but not for price changes)

The Advance Monthly Sales for Retail and Food Services for March is scheduled to be released April 13, 2011 at 8:30 a.m. EDT.

For information, visit the Census Bureau's Web site at <<http://www.census.gov/retail>>.

\* The 90 percent confidence interval includes zero. The Census Bureau does not have sufficient statistical evidence to conclude that the actual change is different than zero.

# Table 1. Estimated Monthly Sales for Retail and Food Services, by Kind of Business

(Total sales estimates are shown in millions of dollars and are based on data from the Advance Monthly Retail Trade Survey, Monthly Retail Trade Survey, and administrative records.)

(\*) Advance estimates are not available for this kind of business.

(NA) Not available (S) Suppressed (a) Advance estimate (p) Preliminary estimate (r) Revised estimate

(1) For a full description of the NAICS codes used in this table, see <http://www.census.gov/eos/www/naics>

(2) Estimates are concurrently adjusted for seasonal variation and for holiday and trading day differences, but not for price changes. Concurrent seasonal adjustment uses all available unadjusted estimates as input to the X-12 ARIMA program. The factors derived from the program are used in calculating all seasonally adjusted estimates shown in this table. Year-to-date seasonally adjusted sales estimates are not tabulated. Adjustment factors and explanatory material can be found on the Internet at <http://www.census.gov/retail>

(3) Advance estimates are based on early reports obtained from a small sample of firms selected from the larger Monthly Retail Trade Survey (MRTS) sample. All other estimates are from the MRTS sample

(4) GAFO represents firms which specialize in department store types of merchandise and is comprised of furniture & home furnishings (442), electronics & appliances (443), clothing & accessories (448), sporting goods, hobby, book, and music (451), general merchandise (452), office supply, stationery, and gift stores (4532).

(5) Estimates include data for leased departments operated within department stores. Data for this line are not included in broader kind-of-business totals.

Note: Table 3 provides estimated measures of sampling variability. Additional information on confidentiality protection, sampling error, nonsampling error, sample design, and definitions may be found at <http://www.census.gov/retail>
